

PEST CONTROL PAYMENTS, JULY 2024–OCTOBER 2025.

\$2,204.78 DOCUMENTED

The preserved account activity shows **32 Terminix charges** posted between July 22, 2024 and October 2, 2025. A contemporaneous repair record states that the service was approved by the property owner and was not reimbursed. Brokerage, account, and transaction identifiers are omitted from this public exhibit.

Date	Merchant	Amount paid
2024-07-22	Terminix	\$59.73

2025-09-22	Terminix	\$69.59
2025-10-02	Terminix	\$59.23
TOTAL		\$2,204.78

Method note: This ledger is a line-by-line transcription of the preserved Fidelity activity export filtered for “terminix.” The source export displayed merchant, date, and amount. Identifying account and tokenized transaction information has been deliberately excluded.

Related notice record: the September 9, 2024 window-and-wall exchange states that the temporary patch was keeping ants outside while expressly warning that termite damage could extend beyond the wall. That exchange is published separately.
